

response type

- consumption
- growth
- ◇ metabolic rate
- △ movement
- ▽ survival

treatment

- CO2 & pH
- oxygen
- temperature

interaction(treatment_var2, Life_stage_category)

- CO2 & pH.adult or juvenile
- oxygen.adult or juvenile
- temperature.adult or juvenile
- CO2 & pH.propagule
- oxygen.propagule
- temperature.propagule
